

MOVIE MAKING - JUSTICE

Concept involves moral rightness and fairness, both natural or legal.

INDUSTRIAL DESIGN - DESIGN A PERSONAL FLOATATION DEVICE INCASE OF FLOOD

Brief- More people are affected by floods than by any other natural disaster. How can we be better prepared to face this challenge?

Design a personal floatation device (boat, raft etc) that can be present in each home, to be used in case of a flood. The device needs to be accessible, easy to deploy and it should carry a family of 4 through the water to a safe distance.

Deliverables-

- A concept drawing explaining the working of your idea
- Explanation of how people will use your solution
- A before and after scenario which highlights the USP of your solution

GRAPHIC DESIGN - CREATE A POSTER TO INCREASE AWARENESS ABOUT FOOD WASTAGE

Roughly one third of the food produced in the world for human consumption every year (about 1.3 billion tonnes) gets lost or wasted. Create a poster to increase awareness about food wastage, and to encourage people not to waste food.

Deliverables-

- One sheet showcasing your explorations
- One sheet showcasing your poster

APP DESIGN - FOOD TRAIL

Lucknow city is famous for its cuisine. Make an app that provides tourists with information about best places to eat and what to eat there based on their eating choices. Think about what other value added services can you add to this app.

GAME DESIGN - ANCIENT TECHNOLOGY

During the growth of the ancient civilizations, ancient technology was the result from advances in engineering in ancient times. Build a game which shows the use of such technology.

SUBMISSION DEADLINE FOR GRAPHIC DESIGN, INDUSTRIAL DESIGN, MOVIE MAKING & APP DESIGN - 15th October 2019
